KULDEEP SAH GANGOLA

ASSISTANT EDITOR

NARRATIVE / DOCUMENTARY / BRANDED

■ PROFILE

Avid-certified assistant editor with 8+ years of experience across documentary, narrative, and branded work for Netflix, Amazon Prime, and PBS, including work premiering at Tribeca.

One thing I've learned from working across editorial and finishing is that a good assistant editor should be solving problems before they reach the editor. I handle verified ingest, proxies, syncing and multigroupings, ScriptSync, archival organization, turnovers, conform preparation, and delivery checks—adapting to the editor's workflow and anticipating what the team needs.
